80 ChatGPT Image Prompts

One prompt for every item on the BUZZ Cafe menu (items 1-58 from the first menu batch, items 59-80 from the second batch added 19 July 2026).

Items 7-80 use the approved 'Powerade poster' style: flavour-colour splash explosions, a massive tilted yellow headline, a white tagline, and a bottom strip of white icon callouts.

How to use:

1. Copy the full prompt for the product you want.
2. Paste it into ChatGPT.
3. Generate - every prompt already forces 1920 x 1080 (16:9) at 4K quality, the yellow / white / black ad scheme, all flavours shown, and NO prices or station name on the artwork.
4. Upload the result in the admin portal (it fits the website frame exactly).

78. Chappies Bubblegum

Generate me a professional, eye-catching advertisement image for a 24-hour fuel station convenience store, using yellow, white and black as the advert's colour scheme. (Do NOT put "MBT", "MBT Poppys" or any station name anywhere on the ad, and do NOT show any prices - it is just the product ad described below.)

THE AD - recreate this exact poster layout:

- PRODUCTS: A classic Chappies bubblegum tub standing centre-frame, individually wrapped pink bubblegum pieces spilling out in front, one piece caught mid-air with a bubble blown from it. Every bottle/can/pack is photorealistic, razor-sharp, covered in fine condensation where cold, labels perfectly legible in their real brand colours.
- EFFECTS: A big pink bubblegum bubble stretches and glistens in the spotlight, tiny sugar sparkles drifting around the tub. All splash and energy effects stay in the products' own flavour colours, exploding against the black.
- CENTRE HEADLINE: a MASSIVE, bold, italic, slightly tilted headline 'CHAPIES' in distressed vivid yellow (#FFDE00) with a gritty grunge texture, dominating the centre of the frame in front of and between the products
- it must be the single biggest element in the ad, like a blockbuster sports poster.
- TAGLINE: directly beneath the headline, one short punchy line in bold white condensed capitals: 'THE BUBBLEGUM YOU KNOW.' flanked by small yellow accent dashes.
- BOTTOM ICON STRIP: along the very bottom, 3 minimalist white line-icons with tiny bold white labels underneath, separated by thin vertical white divider lines, each icon carrying one small yellow accent detail: Classic Pink | Fun Facts Inside | Pocket Size.

BRAND RULES (must follow exactly):

- Background: deep matte black (#151515) with dramatic, cinematic, high-contrast studio lighting and subtle rim light on the products.
- Headline: vivid yellow (#FFDE00). Tagline + icon labels: clean crisp white. Nothing else written on the ad.
- The products keep their OWN real brand colours and packaging so they stay instantly recognisable - ONLY the background, headline, tagline and icon strip use the yellow / white / black scheme.
- Composition must capture visual attention instantly: bold, punchy, professional advertising agency quality, premium commercial energy.
- NO prices, NO price badges, NO station branding, NO extra text beyond the headline, the tagline and the icon labels listed above.
